

JLA
ARCHITECTS

PROJECT SPECIALIST / PROJECT ARCHITECT

JLA Architects was founded in 2007 and has since grown into a medium-sized firm with offices in Madison, Wisconsin, Milwaukee, Wisconsin, and Denver Colorado. We have built a strong & consistent reputation with our clients, consulting partners, municipal bodies, and the community at large. Our success can be directly attributed to our diverse team and our approach to our work – which is inclusive & collaborative. This approach holds true in how we interact with clients, consultants, municipal bodies, and our internal Team.

Position Summary:

As a Project Specialist or Project Architect, your responsibilities will only be limited by your ability & your desire. However, the main responsibility of this position will be to provide support to your Project Team(s) in all phases of a project lifecycle – from Schematic Design through Construction Administration.

A Project Specialist or Project Architect will take direction from a Project Manager, Project Designer, Senior Project Specialist, or Senior Project Architect but will be expected to prioritize & coordinate their work independently. As industry knowledge, technical skills, and soft skills develop – a Project Specialist or Project Architect may serve in a 'Project Captain' role on individual projects – directing & mentoring less experienced Team Members and assisting the Project Manager. Some infrequent travel to Milwaukee/Madison may be required. Specific functions & responsibilities of Project Specialists & Project Architects include, but are not limited to, the following:

Typical Project Responsibilities:

- Perform & document code reviews & analysis;
- Research equipment, products, & materials;
- Assist Project Designers in developing designs & design documents in the 'Schematic Design' and 'Design Development' phases;
- Set-up initial project models in Revit Software;
- Assist with the production of Construction Documents and Specifications under the direction of a 'Project Manager' and/or 'Project Captain'.
- Review & coordinate consultant documents;
- Produce, coordinate, and submit plan review packages;
- Coordinate work progress and review completed work with project QA/QC checklists.
- Prepare presentation materials;
- Assist with Construction Administration responsibilities under the direction 'Project Manager' and/or 'Project Captain'.
- Participate in internal & external meetings & assist with meeting minutes;
- Communicate with Clients, Consultants, Contractors, etc. as directed by the Project Manager;
- Perform other project-related duties as required and assigned.

Additional Administration & Operation Responsibilities:

- Answer phone calls & greet visitors;
- Maintain general office organization & order;
- Perform other operational-related duties as required and assigned.

Additional Marketing Responsibilities:

- Assist with preparing various marketing materials;
- Perform other marketing-related duties as required and assigned.

Additional Expectations:

- Be responsible, respectful, & professional. Perform with a high level of integrity;

- Critically think about everything that is done – as to why is it done and how it is best done;
- Learn from others in the office and from every task that is performed;
- Share your knowledge with others in the office – everyone has something to share;
- Take pride in every task that is done – to do it efficiently, completely, accurately, and professionally.

Qualifications:

The ideal person for this position would have the qualities, skills, and knowledge listed below.

- Completed higher education program in architecture or related field;
- The understanding that our clients are our lifeblood, and that client satisfaction is our greatest priority;
- The ability & desire to work in a fast-paced environment while maintaining a keen attention to detail;
- The ability to prioritize & execute a variety of tasks within a single project and across multiple projects;
- A great attitude, great work ethic, and NO inflated ego;
- Substantial experience/knowledge with Revit;
- Experience with AutoCAD software;
- Experience with Sketch-Up software;
- Experience with Microsoft Office Suite Software;
- Familiarity with Adobe Suite Software;
- Please note – For a Project Specialist position, Registration/Licensure is NOT required.

Compensation & Benefits:

- Salary shall be market-rate, commensurate with experience, skills, and knowledge;
- Benefits include Paid Time Off, Volunteer Time Off, Health Plan, Dental Plan, 401K Plan, Group Life Insurance, Long-Term Disability Plan, Family Leave Plan;
- Standard Holidays;
- Family-oriented, flexible schedule;
- Team-oriented, relaxed (but professional) work environment/culture.

Request an Interview:

If you are a qualified candidate for this position and would like to request an interview, please submit the following information to  the office below or e-mail [JLA Human Resources](#).

- Professional Resume with relevant experience - including roles & responsibilities.
- List of Professional References - with specific contact names & current phone numbers.
